PROFILE

UX Generalist with a hybrid background in graphic design and web development. The path has been shaped by product work, interface structuring, UX thinking, and front-end execution, with a consistent focus on clarity, coherence, and strong usability.

EXPERIENCE

Product Designer

Exowpee — Cotonou, Benin | 2025 – 2026

Redesigned the design system and improved key user flows for a commercial management platform, helping turn a complex business logic into a clearer and more efficient experience.

UX Generalist / Product Designer

Personal Products — Blogap, Codoban, Linkhealer, Zeroo | 2025 – Present

Built digital products ranging from SaaS tools to editorial systems, contributing to UX research, interface design, flow structuring, and, depending on the project, front-end execution.

EDUCATION

Web Development Diploma | 2023 – 2024

École229, supported by OIF.

State Diploma in Graphic Design (CQM) | 2023

Professional training program.

Scientific Baccalaureate (C series) - 2022

Advanced mathematics and logical analysis.

CORE SKILLS

UX research, UI design, wireframing, prototyping, Figma, Adobe Creative Suite, CorelDRAW, HTML/CSS, React, Next.js, Remix, Tailwind CSS, Prisma, PostgreSQL, MongoDB, API REST/JSON, WordPress headless, Shopify ecosystem.
